Dual vocational training for young chinese people in Germany

## VocationalIX

Are you a recent college graduate from China with dreams of advancing your career in Germany? We have an incredible opportunity for you! Start by investing in six till seven months of intensive German language and intercultural training. Then, mostly during the summertime, dive into a 3 to 3.5-year vocational training program with a German company. This program will not only hone your skills but also earn you a vocational diploma, opening doors to work anywhere in the European Union. The German dual vocational training system is highly regarded worldwide. If you're ready to take your future to the next level, start earning money from day one in the German Company and embark on an exciting career journey. This is your moment! Read on to learn more and take the first step toward a brilliant future!
